Kem D Hate

AI & Automation Specialist | GoHighLevel | Make.com

klexbykem@gmail.com | Manila, Philippines | linkedin.com/in/kemklexco | klexportfolio.vercel.app

PROFESSIONAL SUMMARY

Automation specialist who builds GoHighLevel, Make.com, and Google Apps Script workflows for small businesses. Designed and deployed GHL automations for 5 agency clients, supporting campaigns that contributed to a 20% increase in client leads. Built an end-to-end booking automation for a rental business and an AI agent for call scripts now used by coworkers.

CORE SKILLS

- Automation: GoHighLevel (GHL) workflows and pipelines, Make.com, Google Apps Script, Zapier
- AI: Claude, ChatGPT, Gemini, AI Conversation agents, prompt engineering
- Marketing: Meta Ads and Google Ads campaign support, lead nurture sequences
- Data & Systems: SQL, Excel (Advanced), Google Sheets, Salesforce, Google Workspace

PROFESSIONAL EXPERIENCE

GHL Administrator & Digital Marketing Assistant (Project-Based)

MUNC Digital | July 2026 – August 2026

- Built and optimized GHL automated workflows (lead capture, follow-ups, pipeline stages), reducing manual follow-ups.
- Supported campaign launches across Meta Ads and Google Ads for 5 clients, contributing to a 20% increase in client leads.
- Analyzed Meta Ads and Google Ads results (CPL, CTR, conversions) and delivered performance reports with optimization recommendations.

Customer Service Representative

Wells Fargo | July 2026 – Present

- Built internal AI-assisted reference tools that reduce information lookup time and improve data accessibility during live calls.
- Maintain 90% CSAT, 90% NPS, and 90% issue resolution across inbound banking account interactions, handling 80–100 inquiries daily.

Partner Operations Specialist

Concentrix | January 2025 – May 2026

- Compiled daily transaction data into sales reports for leadership review and prepared pricing quotations through internal platforms.
- Tracked partner inquiries and escalations against 24-hour SLA targets, achieving 100% on-time resolution across assigned accounts.

PROJECTS

GoHighLevel Automation for 5 Agency Clients (2026)

- Designed and deployed GoHighLevel automations for 5 clients under one digital marketing agency.
- Built lead nurture workflows, Messenger and email sequences, and AI Conversation agents for lead handling; connected Facebook Ads to GHL pipelines.
- Resolved technical issues such as the Messenger 24-hour window, Smart List contact enrollment, and A2P SMS registration.
- Tools: GoHighLevel, Meta Ads, Make.com

KlexByKem Digirents: Booking Automation (2026)

- Built an end-to-end booking system for a Kodak digicam rental business using Google Apps Script and Make.com.
- Automated booking intake, payment-proof submission, and approval or decline handling, with email notifications for new bookings.
- Tools: Google Apps Script, Make.com, Google Workspace

Workplace AI Agent, Internal Project (2026)

- Built an AI agent that generates call scripts and answers questions from the company manual, now used by coworkers.
- Advised coworkers and management on using AI to streamline daily tasks.
- Tools: Claude, Gemini, prompt engineering
